## OUR STORY

We are a company built by passionate people with deep roots in the original family-run safari companies of East Africa. With a pioneering eye, our founders, many of whom are still involved today, combined their safari experience, passion, and commitment to East Africa, and formed Asilia Africa in 2004.

They knew that their diverse characters and family spirit could bring real change to East Africa in a meaningful way, which led them to choose the name Asilia - Swahili for 'genuine' or 'authentic'.

Asilia guests play an integral role in achieving our Positive Impact goals through an automatic donation of USD 5 per person per night to AsiliaGiving. AsiliaGiving is responsible for the disbursement of funds to causes that have been vetted by us, and are essential to the continued existence of Africa's wild places.

## OUR VISION

To empower the crucial wilderness areas in East Africa to thrive, benefitting local people and nature alike.
